Guest Services

Guests come to the Institute for beauty and wellness services. As a student, you will have the opportunity to perform a wide variety of services in a salon setting under the guidance and supervision of your instructors.

The Classroom

The classroom size and layout are designed to provide a productive learning environment and experience for all learning styles. The students will learn from lecture, demonstration, activities, and tests in the classroom to take the skills and knowledge they have learned to apply it on the clinic floor.

The Clinic Floor

On the clinic floor students will practice services that would be performed in a real salon. This is to prepare the students for the real-life experiences after graduation. On the clinic floor there will be students in all different phases of the program. With our curriculum, students will gradually perform a wider variety of services on the guests as they go through the phases and get closer to graduation. Students will always be under the guidance and supervision of an instructor.

Retail Experience

At Aveda Institute we have a retail area for hair, skin, and body care. The Institute understands the importance of being able to sell retail and have the knowledge to know what products you are selling inside and out. At the Institute, the students will learn the verbiage and have the confidence to be able to educate their guests on the products used during their service on the clinic floor. They will also be able to build their benchmarks to help them be successful after graduation.

Student Lockers and Workstations

The students are provided with their own lockers and workstations. The lockers are given to the students on the first day, and workstations will be given on the first day the student is on the clinic floor. The student must provide their own lock for their lockers. The students are responsible for cleaning their own lockers and workstations every day. If a student transfers or withdraws, the student needs to take all of their belongings with them. Items left in the locker will be disposed of after five school days to provide space for incoming students. Aveda Institute Montana is not responsible for lost or stolen items.

Upon their return they will be readmitted with no additional registration fees with tuition assessed accordingly on the number of hours left in the program.

- **Satisfactory Progress**

In addition to the Satisfactory Academic Progress Policy stated elsewhere in the catalog, all students enrolled receiving VA Benefits will also be subject to a stricter policy. Aveda Institute's normal SAP policy evaluation will apply to students enrolled. If any VA student fails to meet the minimum academic and attendance requirements, they will be notified and record of this will be documented in the students file. In turn the VA will promptly be notified of the students SAP status.

Temporary School Closure

If the Institute is closed for an unscheduled day, the student's contract will be extended the same number of days the Institute is closed (weather, snow, natural disaster, flooding, construction).

Postponement of Start Date

Aveda Institute Montana reserves the right to change start dates based on class enrollment, staff availability, and other considerations. Postponement of the start date, whether at the request of the school or the student, requires a written agreement signed by the student and the institution. The agreement must state:

1. Whether the postponement is for the convenience of the school or student.
2. A deadline for the new start date, beyond which the start date will not be postponed

Returnable Kit Policy

The supply kit provided to students when they start contains the necessary tools, as well as an iPad and applicable educational curriculum. Kits are eligible for a full refund only under the following circumstances:

As stated in our institutional refund policy.

- An applicant is not accepted by the Institute. The applicant shall be entitled to a refund of all monies paid except the non-refundable application fee.
- A student and/or legal guardian cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the Institute shall be refunded except the non-refundable application fee, regardless of whether or not the student has actually started classes.
- A student cancels his/her enrollment after three (3) business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the Institute less the non-refundable application fee (\$25) and registration fee (\$100).

Additional returnable option.

- If the supply kit contents of the tools and iPad have remained unopened or unused. As pertains to the educational curriculum, if the electronic seat has not been assigned already to the student.
- Health and Safety: All tools are opened on the first day of school and immediately labeled with their names. Additionally, due to the tools being used on people and it being the student's responsibility to practice proper infection control procedures the tools cannot be returnable due to health concerns. It is not known how well the student practiced safe infection control procedures, so therefore the tools in the kit cannot be returned or given to another student.

- Data Security: The iPad is included in all of the kits except for the supplemental barbering program and cannot be returned due to security reasons. When a student receives their iPad the student sets up the iPad with their own personal identifiable information. Aveda Institute Montana does not have the internal resources to ensure these devices are adequately wiped of data. It considers the liability of infringing on the data security rights of its students seriously and as a result does not accept their return.
- Transfer of Electronic Curriculum: The curriculum included in each of the programs is in electronic format. The provider offers so many contracted seats obtained by the school. The provider prohibits the transfers of these “seats” once they’ve been assigned. Therefore, there is no ability to accept a return as it can’t reused once it’s assigned.

RETURN TO TITLE IV POLICY

Aveda Institute Montana is required by the Department of Education to provide students with all refund policies applicable at the institution as well as information on the Title IV requirements for determining the amount of Title IV funds a student has earned when he/she withdraws.

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. If a student withdraws, they may no longer be eligible for the full amount of Title IV funds that they were initially awarded.

A. Payment Periods

Listed below are the payment periods in which students are disbursed Title IV funds. The disbursement is made at the beginning of each pay period. If the student withdraws a Return to Title IV funds may be required. Transfer students payment periods will vary.

COSMETOLOGY PROGRAM		
0-520 Hours	521-1040 Hours	1041-1500
13 Weeks	13 Weeks	12 Weeks

The R2T4 is calculated based on the payment period in which the student was attending at the time of withdrawal. If the student has completed over 60% of the payment period, no refund is due back to the department of education. The R2T4 calculation by payment period is utilized to determine the percentage of the payment period completed.

- This is accomplished by dividing the number of hours the student was scheduled to complete in the payment period as the date the student unofficially (or officially) withdrew (last day of attendance), by the total number of scheduled clock hours in the same payment period.
- Aveda Institute's refund requirement is pending on final determination of the R2T4.
- NOTE: In some cases, the result of the R2T4 will be communicated via the Third Party Servicer.
- If it is determined that funds need to be returned to the Title IV program Aveda Institute Montana will return the funds as quickly as possible, but no later than 45 days of the determined withdrawal date.

B. Order of returning Funds

This policy outlines the order in which funds will be returned in order from first to last.

- Unsubsidized Direct Loans
- Subsidized Direct Loans
- Direct PLUS Loans
- Federal Pell Grants
- FSEOG

C. Withdrawal from Aveda Institute Montana

When a student officially or unofficially withdraws from their course of study and a withdrawal date and determination date have been determined, a refund calculation (R2T4) is performed.

D. Determination Date

The date of determination is defined as the date that the school determines when the student has dropped.

In the event student misses 14 consecutive days of school, a refund calculation (R2T4) will be performed on the 14th day. The withdrawal date will be the students' last day of physical attendance and the 14th day missed will be the date determined.

In the event a student does not return from a Leave of Absence on the scheduled date or if the student notifies the school that they will not be returning from the Leave of Absence, a refund calculation (R2T4) will be performed on the earlier of the two dates. The withdrawal date will be the students' last day of physical attendance and either the scheduled return date or the date the student notifies the school they will not be returning, whichever date is earlier, will be the date determined.

E. Official Withdrawal

When the student officially withdraws from their course of study, the date determined will be the date that the student notifies Aveda Institute. In the event we receive notification of termination via the U.S. Postal Service, the postmark date will serve as the date of determination.

F. Unofficial Withdrawal

If a student does not officially withdraw, Aveda Institute will determine a withdrawal date and determination date based on the student's last date of attendance and proceed with the Return to Title IV (R2T4) calculation set forth by the Department of Education. All refunds due to the Department of Education will be returned within 45 days from the date of determination of withdrawal. Unofficial withdrawals are determined through monitoring attendance at least every fourteen days.

G. Post-Withdrawal Disbursement

- A Post-Withdrawal Disbursement for Direct Loans requires student and/or parent approval.
- If a student and/or parent (Parent Plus Loans) did not receive all of the funds that were earned, she / he may be due a post-withdrawal disbursement. If the student's post-withdrawal disbursement includes loan funds, Aveda Institute must get permission from the student and/or parent before it can disburse the post-withdrawal disbursements for loans but not for Pell Grant. The student and/or parent may choose to decline some or all of the loan funds so that she / he does not incur additional debt. Aveda Institute may automatically use all or a portion of the student's post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with Aveda Institute).
- Aveda Institute needs the student's and/or parent (Parent Plus Loans) permission to use the post-withdrawal grant disbursement for all other Institute charges beyond contracted tuition and fees. If the student and/or parent does not give permission, she / he will be offered the funds. However, it may be in the student's best interest to allow Aveda Institute to keep the funds to reduce the student's debt at Aveda Institute.
- If the student or parent submits a timely response that instructs Aveda Institute to make all or a portion of the post-withdrawal disbursement, the Institute will disburse the funds in the manner specified by the student or parent within 180 days of the date of the Institute's determination that the student withdrew.
- If the student or parent does not respond to the Institute's notice, no portion of the post-withdrawal disbursement that is not credited to the student's account may be disbursed.
- If a student or parent submits a late response to Institute's notice, the Institute may make the post-withdrawal disbursement as instructed by the student or parent or decline to do so.
 - » In the case of a late response, if the Institute does not choose to make the post-withdrawal disbursement, the Institute will inform the student or parent electronically or in writing concerning the outcome of the post-withdrawal disbursement request.
- A post-withdrawal disbursement must be made from available grant funds before available loan funds.
- Aveda Institute will return any unearned Title IV funds it is responsible for returning within 45 days of the date the Institute determined the student withdrew and offer any post-withdrawal disbursement of loan funds within 30 days of that date.
- Aveda Institute will disburse any Title IV grant funds a student is due as part of the post-withdrawal disbursement within 45 days of the date the Institute determined the student withdrew and disburse any loan funds a student accepts within 180 days of that date.

H. Credit Balance

The Title IV Credit Balance is reconciled within 14 calendar days of the creation of the credit through one of the following:

- Holding funding until the end of academic year if an authorization has been received.
- Payment by EFT (direct deposit into student's bank account) if an authorization has been received.
- Payment by check to student if prior two bullets do not apply.

If a non-Title IV credit balance exists, reconciliation will be completed based on the last method of payment received which created the credit within 21 days.

If a student withdraws from the program and has an existing credit balance at the time of withdrawal the credit balance will be held until 14 days after the R2T4 calculation.

I. Student Responsibilities

In the event the R2T4 calculation results in an amount to be returned that exceeds the Institute's portion, the student must repay their portion back to Title IV.

SATISFACTORY ACADEMIC PROGRESS

The Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled at Aveda Institute Montana (full time and part time) to Title IV and non-Title IV recipients whether or not they receive Title IV aid and applies to every student enrolled in a NACCAS approved program. It is put in the catalog to ensure all students have access to a copy prior to enrollment. This policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Period

Students will be evaluated during the course enrolled. Evaluations will determine if the student has met the minimum requirements of satisfactory academic progress. Aveda Institute Montana will evaluate students' Satisfactory Academic Progress at the conclusion of each evaluation period stated below in their prospective program of study. Evaluations are based on students' actual hours completed. Aveda Institute Montana will notify all students of their evaluation results by having a wellness meeting with the student and administrator. Maximum Time Frame

The maximum time frame (which does not exceed 125% of the course length) allowed for students to complete each course at Satisfactory Academic Progress is stated below.

Cosmetology Program- 1875 Scheduled Hrs

Esthetician Program- 813 scheduled Hrs

Supplemental Barbering Program- 188 Scheduled Hrs

Barbering Program- 1375 Scheduled Hrs

Manicuring Program- 500 Scheduled Hrs

Instructor Training Program- 813 Scheduled Hrs

Students who exceed their maximum time frame will be terminated from the program. The student will not be eligible for re-enrollment.

If a student takes a leave of absence the student's maximum time frame and contracted graduation date will be extended by the same number of days taken in the leave of absence.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and are considered to be making satisfactory academic progress during the warning period. The student will be advised in writing via email within 7 business days on the actions required to attain SAP by the next evaluation. At the end of the warning period, if the student has not met both the attendance and academic requirements, the student will be considered ineligible for Title IV until a successful appeal is granted and the student is placed on probation (outlined below).

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation upon a successful appeal and considered to be making academic progress while during the probationary period. Additionally, only students who have the ability to meet the SAP policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making SAP. The student will be advised in writing via email within seven business days of the actions required (academic plan) to attain SAP by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic progress or by the academic plan the student will be determined as not making SAP. Students who fail to meet SAP by the end of the probationary period will lose their aid eligibility and will be terminated from the program.

Re-Establishment of SAP

Students may reestablish satisfactory academic progress by meeting minimum attendance and academic requirements by the end of the warning or probationary period, or by attaining the goals set forth in their academic plan or successful appeal.

Interruptions

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same progress status as prior to withdrawal. Hours elapse during a leave and will extend the student's contact period and maximum time frame by the same number of days taken in the leave and will not be included in the student's cumulative attendance percentage calculation.

Withdrawals

A student may only be enrolled in one course at a time. A student may not withdraw from individual classes, such as haircutting, and still continue on with the course. A student must complete all classes and state required hours within the course, and complete with a minimum 75% grades and 80% attendance in order to graduate from the course. If a student withdraws prior to completion of the course, their only option is withdraw from the entire course. There is no differentiation in SAP between a situation of withdrawal/ passing and withdrawal/ and failing.

Course Incompletes

Course incomplete and withdraws are counted in the GPA calculation policy regarding to 75% grades, which may also effect the 80% attendance requirement as it may require more time to complete. An incomplete grade in the class may prolong the student's educational experience as is could cause over contract fees. The student is required to complete the work for which the incomplete was given prior to graduation. Incomplete grades can affect maximum time frame.

Appeal Procedure

If a student is determined to be not making satisfactory academic progress, the student may appeal the determination within 10 calendar days to the Director of Education or the Financial Aid Director. Reasons for which the students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form upon request to the Director of Financial Aid describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve SAP by the next evaluation period. Appeal documents will be reviewed within 10 days of submission. The student will be notified of the plan of action within 5 days of the determination via school email. If the student prevails upon appeal, the SAP determination will be reversed and the student will re-establish Title IV eligibility if applicable.. Results of the appeals will be documents in the student's file.

Noncredit, Remedial Courses, Repetitions, English as a Second Language (ESL)

Noncredit, ESL and remedial courses do not apply to this institute; therefore, these have no effect on the Institute's SAP standards. A student can repeat the course as many times as he/she wishes at the student's expense.

Transfer Hours

With regards to SAP, student transfer hours will be counted as both, attempted and completed hours, for the purpose of determining when the allowable maximum time frame has been exhausted. AP evaluation periods are based on actual hours at Aveda Institute Montana.

Incomplete Attendance

An 80% attendance is required by all students at Aveda Institute Montana. If a student falls below this standard an attendance action plan will be established.

Academic Plan

A written plan provided to the student that, if followed, will ensure that the student is able to meet the institutions satisfactory academic progress requirements by a specific point within the maximum time frame. For example, the institute will identify specific academic and/or attendance requirements that must be attained by a certain point.

 - Use the IRS Data Retrieval Tool on the FAFSA or
 - Provide a copy of their IRS Tax Return Transcript
 - Signed Verification Worksheet

Documentation must be received and verified before any aid is awarded. All documentation must be received within 14 days and no later than the start date the student wishes to be a part of. The school will report any suspected fraud to OIG at 1-800-MISUSED.

The student will complete the proper leave of absence paperwork and provided the requested documents to administration which will be reviewed on an individual bases. 5. In the event the student cannot make the request in advance due to unforeseen circumstances then the institute may allow a leave. This would go into effect only if the student is unable to contact the school due to the unforeseen circumstance. The beginning of the leave will be determined as the first date the student was unable to attend the institution because of the unforeseen circumstances, and an end date will be noted that will not exceed 180 day maximum.
6. The Institute will document the reason and collect the request at a later date.
7. There must be reasonable expectation that the student will return from the leave of absence.
8. The student shall not owe any additional fees during an approved leave of absence and will not be granted any additional assistance financially.

An enrollment agreement addendum must be signed and dated by all parties.
10. A leave of absence will be granted at the discretion of administrative staff.
